

Identification Card and Information on Personal Data Processing (customer/customer's representative)

Read before printing!

If you are an mBank CompanyNet user, you can confirm your identity online in **mBank CompanyNet**.

To confirm your identity, you need only one of the following:

- permissions to authorise orders in the system for another company,
- an account with mBank's Retail Banking,
- a Polish identity card issued after 4 March 2019,
- a biometric passport,
- a qualified certificate.

Attention!

Complete the card in **block** letters.

The card must be filled out by the customer/the customer's representative, in particular by every mBank CompanyNet user who is entitled to authorise orders or to use FX mPlatform and conclude transactions within the meaning of the Regulations on Opening, Holding and Closing an Integrated Bank Account at mBank S.A.

1.1 Customer's (business) name Note: If the customer's representative represents multiple customers, please name all of them.	1.2 Customer' account numbers (for identification purposes)
1.	1.
