

Identification Card and Information on Personal Data Processing personal data update

Read before printing!

We are asking you to confirm your identity because your administrator has granted you authorisation rights or your personal data have changed.

Log in to mBank CompanyNet and check if you can do it online. You will need:

- permissions to authorise orders in the system for another company,
- an account with mBank's Retail Banking,
- a Polish identity card issued after 4 March 2019,
- a biometric passport,
- a qualified certificate.

By verifying your identity online, **you can gain full access to the system faster, save your time and protect our planet by using less paper.**

Attention!

The card must be filled out in **capital** letters.

The card must be filled out by **every mBank CompanyNet user whose personal data registered with mBank S.A. have changed.**

The Bank's employee verifies if the data given in the Identification Card match the data in the user's identification document based on which the Identification Card was filled out.

1.1 Customer's (business) name Note: If the user represents several customers, please name all of them.	1.2 Customer' account numbers (for identification purposes)
1.	1.
2.	2.
3.	3.
