Pursuant to the provisions of the Commercial Code introduced by the law No. 2001-152 of February 19, 2001 on employee savings, and insofar as the Company's employees do not hold any shares in the capital, we are obliged to submit to you a proposal to carry out a capital increase reserved for the employees, proposal which must be renewed every three years as long as the employees hold less than 3% of the Company's capital.

Deciding in accordance with the provisions of Articles L. 225-129-6 para. 2 and L. 225-138 of the Commercial Code and L. 3332-18 and following of the Labor Code, you will be asked to delegate the necessary powers to the Management Board to increase the capital in one or more instalments by a maximum par amount of EUR 15,000 by the issuance of a maximum of 1,500 new cash shares reserved for employees and former employees participating in a company savings plan, or by capitalization of reserves, profits or premiums, and the free allocation of shares to such employees and former employees.

This delegation would be given for a period of twelve (12) months as of the day of your decision.

You will also be asked to delegate full powers to the Management Board to implement this capital increase according to the legal and statutory provisions, and in particular to:

- determine that the shares may be issued to the beneficiaries directly or through collective bodies,
- determine the nature and conditions of the capital increase,
- fix the subscription price of the cash shares in accordance with the legal provisions,
- fix the period for paying in the shares and, as the case may be, the required seniority of the employees to participate in the operation, all within the legal limits,
- determine if necessary the amount of the sums to be capitalized within the limits fixed above, the item or items of the equity from which they are deducted and the conditions of their allocation.

Insofar as the Company is not planning to implement a system of employee shareholding in the near future, it does not seem advisable to ask you to give a favorable answer to a proposed capital increase pursuant to the conditions provided for in Article L. 3332-18 and following of the Labor Code and as a result, I suggest that you reject this proposal.

After reading out the reports of the statutory auditor, we will successively submit to your vote the resolutions which will be read out to you beforehand.

#### **Basis for Opinion**

#### Audit Framework

We conducted our audit in accordance with professional standards applicable in France. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We conducted our audit engagement in compliance with independence rules applicable to us, for the period from January 1, 2018 to the date of our report and specifically we did not provide any prohibited non-audit services referred to in Article 5(1) of Regulation (EU) No 537/2014 or in the French Code of Ethics (*Code de déontologie*) for statutory auditors.

### Justification of Assessments - Key Audit Matters

In accordance with the requirements of Articles L.823-9 and R.823-7 of the French Commercial Code *(Code de commerce)* relating to the justification of our assessments, we inform you of the key audit matters relating to risks of material misstatement that, in our professional judgment, were of most significance in our audit of the financial statements of the current period, as well as how we addressed those risks.

#### Appointment of the Statutory Auditor

We were appointed as statutory auditor of mFinance France by Shareholder's meeting held on July 18, 2008.

As at December 31, 2018, ERNST & YOUNG et Autres was in the 1<sup>st</sup> year of total uninterrupted engagement.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with French accounting principles and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless it is expected to liquidate the Company or to cease operations.

The Supervisory Board acting as Audit Committee is responsible for monitoring the financial reporting process and the effectiveness of internal control and risks management systems and where applicable, its internal audit, regarding the accounting and financial reporting procedures.

The financial statements were approved by Management Board.

#### Statutory Auditor's Responsibilities for the Audit of the Financial Statements

#### Objectives and audit approach

Our role is to issue a report on the financial statements. Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with professional standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As specified in Article L.823-10-1 of the French Commercial Code (*Code de commerce*), our statutory audit does not include assurance on the viability of the Company or the quality of management of the affairs of the Company.

As part of an audit conducted in accordance with professional standards applicable in France, the statutory auditor exercises professional judgment throughout the audit and furthermore:

- Identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence considered to be sufficient and appropriate to provide a basis for his opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management in the financial statements.

- Assesses the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. This assessment is based on the audit evidence obtained up to the date of his audit report. However, future events or conditions may cause the Company to cease to continue as a going concern. If the statutory auditor concludes that a material uncertainty exists, there is a requirement to draw attention in the audit report to the related disclosures in the financial statements or, if such disclosures are not provided or inadequate, to modify the opinion expressed therein.
- Evaluates the overall presentation of the financial statements and assesses whether these statements represent the underlying transactions and events in a manner that achieves fair presentation.

#### Report to the Supervisory board acting as Audit Committee

We submit to the Supervisory Board acting as Audit Committee a report which includes in particular a description of the scope of the audit and the audit program implemented, as well as the results of our audit. We also report, if any, significant deficiencies in internal control regarding the accounting and financial reporting procedures that we have identified.

Our report to the Supervisory Board acting as Audit Committee includes the risks of material misstatement that, in our professional judgment, were of most significance in the audit of the financial statements of the current period and which are therefore the key audit matters that we are required to describe in this report.

We also provide the Supervisory Board acting as Audit Committee with the declaration provided for in Article 6 of Regulation (EU) N° 537/2014, confirming our independence within the meaning of the rules applicable in France such as they are set in particular by Articles L.822-10 to L.822-14 of the French Commercial Code (*Code de commerce*) and in the French Code of Ethics (*Code de déontologie*) for statutory auditors. Where appropriate, we discuss with the Supervisory Board acting as Audit Committee the risks that may reasonably be thought to bear on our independence, and the related safeguards.

# ACCOUNTING RULES AND PRINCIPLES

The Statutory Accounts are established in accordance with regulation  $n^{\circ}2016-07$  of the ANC (replacing regulation  $N^{\circ}99-03$ ) and with the French commercial code, articles from L123-12 to L123-24.

General accounting conventions were applied, whilst respecting the prudence principle, according to the following basic assumptions:

- going concern status,

- consistent accounting methods,

- conservatism,

and in accordance with the general rules for establishing and presenting annual financial statements.

The Statutory Accounts are prepared under the historical cost convention.

The company has decided, from the financial year closing as at December 31<sup>st</sup> 2017, to take the option to write off the expenses related to bond issues over the period of the bonds concerned. This option is taken for two years and for all new bonds issued. These fees were booked for their full amount in charges during the year these occurred.

No other changes of accounting method occurred during the period.

The notes and statements below are an integral part of the Annual Accounts.

The main accounting policies adopted are described below.

#### 1. Operation in foreign currency

Receivable and payable accounts denominated in foreign currency in balance sheets at closing are converted by exchange rates prevailing at that date.

Liabilities, accounts receivable and cash in foreign currencies other than the euro are revalued on balance sheet at year-end exchange rates. The difference resulting from the revaluation of liabilities and accounts receivable in foreign currencies at the latter rate is recorded in the "Translation adjustment".

For any net unrealized losses, a provision is recorded.

As at December 31st, 2018, unrealized exchange gains and losses amounts respectively to 9 560 212 € and 9 525 556 €.

It was considered that, because of mirror transactions (bond and loan to the parent company, the same currency and for the same maturity), the risk of unrealized currency exchange loss was covered by the unrealized exchange gain.
