I. Rules for incoming foreign payments

1. This chapter sets out rules governing the Bank's execution of incoming foreign payments.
2. An incoming foreign payment is an order in the form of a MT103 swift message expressed in PLN and received from a foreign bank, or expressed in a foreign currency and received from a domestic or a foreign bank, with an instruction to:
 - a) credit the indicated Client's account with a certain amount of money, or
 - b) pay cash for the benefit of the indicated beneficiary, or
 - c) transfer funds to the beneficiary's account held with another bank.
3. The Bank executes incoming foreign payments:
 - a) automatically (without the Bank's manual interference), and
 - b) manually.
4. Transfer from abroad or a foreign currency transfer from other domestic bank to a Client holding an account with the Bank is settled automatically if:

- 1) there is a positive automatic verification of the payer's data performed in accordance with the Regulation No. 1781/2006 of the European Parliament and the Council,
 - 2) the IBAN account number indicated in the transfer is correct, and
 - 3) the currency of the account and the currency of the inflowing funds are the same, or if booking on the account is made automatically, with appropriate exchange rate applied in accordance with the valid table of exchange rates at the Bank (currency exchange transaction is executed if as a result of automatic search of the Client's main account in the currency of inflowing funds the account was not identified and credited).
5. The Client is identified by a unique IBAN.
 6. The Bank executes incoming foreign payments, regulated by the Payment Services Act dated 19 August 2011, by crediting the beneficiary's account on the day of the inflow of funds in the Bank's current account by the end of the business day, if the day is a business day for the Bank.
 7. The Bank executes incoming foreign payments, not regulated by the Payment Services Act dated 19 August 2011, by crediting the beneficiary's account on the day of the inflow of funds in the Bank's current account, if the day is a business day for the Bank and the message was received by the Bank within the applicable cut-off times. If the Bank receives the payment with the current value date after the applicable cut-off time, the payment will be treated as an order received on the next business day and will be booked with the value date of the next business day.
 8. If the execution of an incoming foreign payment requires additional specification due to imprecise instructions in the order or non-standard arrangements with the Client, the Bank credits the Client's bank account on the earliest business day for the Bank on which the order may be executed.
 9. The Bank is not liable for failure or delay in the execution of the incoming foreign payment if the aforesaid is due to:
 - a) the ordering customer or beneficiary customer,
 - b) the ordering bank or the correspondent bank,
 - c) force majeure,
 - d) restrictions under the provisions of the law.
 10. The Bank charges the fee for the execution of an incoming foreign payment in the amount and under the rules stipulated in the Tariff. The fee is debited separately and does not reduce the order amount.
 11. All the additional measures related to correct settlement of an incoming foreign payment are undertaken by the Bank under the rules stipulated in the Tariff.

II. Rules for outgoing foreign payments

1. This chapter sets out rules governing the execution of outgoing foreign payments.
2. An outgoing foreign payment is an order sent in the form of a MT103 swift message with instructions for the beneficiary's bank to pay or transfer a certain amount to the designated beneficiary's account, addressed to a foreign bank in PLN or to a domestic or a foreign bank in a foreign currency.
3. The execution of an outgoing foreign payment takes place once the Client files, in paper form or online, a complete and correctly filled out foreign payment order.
4. Conditions for the execution of outgoing foreign payments:
 - 1) placement of a correct payment order by the authorised person, with the following data:
 - a) number of the Client's account from which the funds are to be transferred,
 - b) name and address of the Client in the case of an instruction placed in paper form,
 - c) number of the beneficiary's account to which the funds are to be credited – in the case when the transfer goes to the EU state, the IBAN standard is recommended,
 - d) name and address of the beneficiary,
 - e) SWIFT/BIC code of the beneficiary's bank or the full name of the beneficiary's bank – it is recommended that SWIFT/BIC code is given
 - f) transfer currency and amount,
 - g) transfer title,
 - h) order release mode,
 - i) cost option – if the transfer goes to the state subject to the Act dated 19 August 2011, SHA option is recommended,
 - j) execution date.
 - 2) authorisation of the payment order by the Client which means his consent to the payment execution:
 - a) in the case when the order was placed at the Bank in paper form, submission of a document confirming the data identifying the person submitting the order and consistency of the signature put on the payment order with the signature specimen card submitted to the Bank,
 - b) in the case when the order was placed via electronic distribution channels, acquisition of confirmation that the order, defined by specific procedures of a given application, has been authorised.
 - 3) guaranteeing funds in the account sufficient to execute the payment and settle fees and commissions due the Bank on the order execution date.
5. Depending on the transaction currency and the Client's decision, the Bank executes payments in the following modes:
 - 1) STANDARD – order release mode on the value date for the beneficiary's bank D+2, where D stands for the date of executing the Client's payment order by the Bank.
 - 2) URGENT – order release mode on the value date for the beneficiary's bank D+1, where D stands for the date of executing the Client's payment order by the Bank.
 - 3) EXPRESS – order release mode on the value date for the beneficiary's bank D, where D stands for the date of executing the Client's payment order by the Bank.
6. In the case of credit transfers subject to the Payment Services Act dated 19 August 2011, the maximum settlement period totals 1 business day (D+1) from the execution date of the Client's order by the Bank. The detailed information about the mode availability depending on the transaction currency is specified in the current Tariff.
7. The Bank executes the Client's orders taking into account the set cut-off time. Orders placed by the cut-off time are executed on the same business day provided the Client has funds at the Bank for executing the order. Orders placed after the cut-off time are executed on the next business day for the Bank.
8. The Bank executes outgoing foreign payments using the following cost options:
 - 1) SHA – commissions and fees are incurred by both the ordering customer and the beneficiary customer (the ordering customer incurs fees and commissions charged by the Bank, and the beneficiary incurs all the other fees and commissions),
 - 2) OUR - fees and commissions are incurred only by the ordering customer,
 - 3) BEN – fees and commissions are incurred only by the beneficiary (the Bank debits the ordering customer's account determined in a foreign payment with the full amount of the order and decreases the amount of the order by the fees and commissions due to the Bank and incurred by the beneficiary).
9. Foreign payments subject to the Payment Services Act dated 19 August 2011 are executed as decided by the Client, either using SHA or OUR option.
10. Under the law, if such a need arises, the Client is obliged to present the Bank with relevant documents which concern an outgoing foreign payment in the form, content and by dates specified in the relevant provisions.
11. The Bank may refuse to execute an outgoing foreign transfer, in particular, if:
 - 1) it is not possible to confirm unambiguously the identity of the person placing the order or the person presents a restricted ID document when the verification of the ID document is required,
 - 2) invalid or incomplete information has been provided, the required data are missing or the data in the order are inconsistent with the data possessed by the Bank, including the specimen signature card,
 - 3) the bank account number does not meet the requirements stipulated for NRB/IBAN standard in respective provisions,
 - 4) there are no funds available in the bank account to execute orders,
 - 5) there are no funds for fees due to the Bank related to the order placed,

- 6) the authorised bodies issue a ban on payments from a given bank account,
- 7) the Bank's IT system breaks down and the order cannot be executed correctly,
- 8) the order violates provisions of the law, including these on counteracting money laundering and terrorism financing and the applicable EU provisions.
12. The Bank notifies the Client about the refusal to execute the order and reasons behind this fact promptly upon their determination.
13. If the Bank receives a return, it acts in line with the rules applied to incoming foreign payments.
14. The Bank is not liable for failure or delay in the execution of an order for reasons beyond the Bank's control, and in particular due to force majeure.
15. The Bank is not liable for consequences arising from incorrect or illegible data in the outgoing foreign payment order.
16. The Client assumes all the obligations and consequences arising from the execution of the payment by correspondent banks participating in the execution of the order observing the rights and customs of the country of those banks.
17. The Bank charges the fee and commission for executing an outgoing foreign payment in the amount and under the rules stipulated in the Tariff. The fees and commissions are charged separately and do not reduce the order amount except for orders with BEN option.
18. All the additional measures related to correct settlement of an outgoing foreign payment are undertaken by the Bank under the rules stipulated in the Tariff.

III. Rules for EuroExpress Transfers

1. This chapter sets out rules governing the execution of outgoing EuroExpress Transfers in EUR.
2. A EuroExpress Transfer is a transfer executed with the D value date in EUR and sent to the beneficiary's account operated by the bank on the territory of the EU (also to another domestic bank) which is a participant in the TARGET2 system.
3. The Bank executes the EuroExpress Transfer once a complete and correctly filled out electronic order is sent from the Client's account maintained in EUR.
4. Conditions for the execution of EuroExpress Transfers:
 - 1) placement of a correct payment order by the authorised person via mBank CompanyNet or BRESOK electronic banking systems, with the following data:
 - a) beneficiary's bank account number in the IBAN standard,
 - b) SWIFT/BIC code of the beneficiary's bank (participant in the TARGET2 system),
 - c) defined cost option – SHA (i.e. costs of the transferring bank are covered by the ordering customer, while costs of third party banks are covered by the beneficiary)
 - 2) authorisation of the payment order by the Client which means his consent to the payment execution.
5. At the time of debiting his/her account with the amount of the executed order, the Client is obliged to hold funds in the bank account in the amount at least equal to the order amount plus fees or commissions due to the Bank.
6. The Bank executes the EuroExpress Transfer taking into account the set cut-off time. Orders placed by the cut-off time are executed on the same business day provided the Client has funds at the Bank for executing the order. Orders placed after the cut-off time are executed on the following business day for the Bank.
7. If the Bank receives a return, it acts in line with the rules applied to incoming foreign payments.
8. The Bank may refuse to execute the EuroExpress Transfer, in particular, if:
 - 1) there are no funds available in the bank account to execute orders,
 - 2) there are no funds for fees due to the Bank related to the order placed,
 - 3) the authorised bodies issue a ban on payments from a given bank account,
 - 4) the Bank's IT system breaks down and the order cannot be executed correctly,
 - 5) the order violates provisions of the law, including these on counteracting money laundering and terrorism financing and the applicable EU provisions.
9. The Bank is not liable for failure or delay in the execution of the order for reasons beyond the Bank's control, and in particular due to force majeure.
10. The Bank charges the fee for executing the EuroExpress Transfer in the amount and under the rules stipulated in the Tariff. The fee is debited separately and does not reduce the order amount.
11. All the additional measures related to correct settlement of the EuroExpress Transfer are undertaken by the Bank under the rules stipulated in the Tariff.

IV. Rules for incoming SEPA Credit Transfers

1. This chapter sets out rules governing the execution of incoming SEPA Credit Transfers in EUR.
2. An incoming SEPA Credit Transfer is a credit transfer in EUR to the Bank via the SEPA settlement system.
3. The Bank executes the incoming SEPA Credit Transfer if the Client holds a bank account with the Bank. The execution of the SEPA Credit Transfer requires that the ordering customer indicates the Client's account number in the IBAN standard.
4. The Bank executes the SEPA Credit Transfer by crediting the Client's account on the day of the inflow of funds in the Bank's current account by the end of the business day, if the day is a business day for the Bank.
5. When the execution of the SEPA Credit Transfer requires additional specification due to imprecise instructions in the order or non-standard arrangements with the Client, the Bank credits the Client's bank account on the next business day for the Bank on which the order may be executed.
6. The Bank charges the fee for the SEPA Credit Transfer in line with the Tariff. The fee is debited separately and does not reduce the order amount.

V. Rules for outgoing SEPA Credit Transfers

1. This chapter sets out rules governing the execution of outgoing SEPA Credit Transfers in EUR.
2. An outgoing SEPA Credit Transfer is a payment in EUR executed by the Bank via the SEPA settlement system.
3. The Bank executes the SEPA Credit Transfer once a complete and correctly filled out order in an electronic form is sent from the Client's account maintained in EUR.
4. Conditions for the execution of outgoing SEPA Credit Transfers:
 - 1) placement of a correct payment order by the authorised person via mBank CompanyNet or BRESOK electronic banking systems, with the following data:
 - a) beneficiary's bank account number in the IBAN standard,
 - b) SWIFT/BIC code of the beneficiary's bank (participant in the SEPA system),
 - c) defined cost option – SHA (i.e. costs of the transferring bank are covered by the ordering customer, while costs of third party banks are covered by the beneficiary),
 - 2) authorisation of the payment order by the Client which means his consent to the payment execution.
5. At the time of debiting his account with the amount of the executed order, the Client is obliged to hold funds in the bank account in the amount at least equal to the order amount plus fees or commissions due to the Bank.
6. The Bank executes the Client's order taking into account the set cut-off time. Orders placed by the cut-off time are executed on the same business day provided the Client has funds at the Bank for executing the order. Orders placed after the cut-off time are executed on the following business day for the Bank.
7. The maximum period for the SEPA Credit Transfer settlement is 1 business day (D+1) from the execution date of the Client's order by the Bank and depends on the execution of the instruction by the beneficiary's bank.
8. The Bank may refuse to execute the SEPA Credit Transfer, in particular, if:
 - 1) there are no funds available in the bank account to execute orders,
 - 2) there are no funds for fees due to the Bank related to the order placed,
 - 3) the authorised bodies issue a ban on payments from a given bank account,
 - 4) the Bank's IT system breaks down and the order cannot be executed correctly,
 - 5) the order violates provisions of the law, including these on counteracting money laundering and terrorism financing and the applicable EU provisions.

9. The Bank is not liable for failure or delay in the execution of the order for reasons beyond the Bank's control, and in particular due to force majeure.
10. The Client may recall the executed SEPA Credit Transfer.
11. The SEPA Credit Transfer Recall (Recall message) may be ordered only via the mBank CompanyNet and BRESOK electronic banking systems up to 10 business days from the date of the order settlement for three reasons:
 - 1) the order duplicate has been sent,
 - 2) the order sent is erroneous due to technical reasons,
 - 3) the order has been sent as a result of dishonest actions.
12. The beneficiary's bank, upon receipt of the Recall message has 10 days for:
 - a) sending a refusal, or
 - b) sending the order return.
13. In the case of the order return due to the execution of the SEPA Credit Transfer Recall, the beneficiary's bank has the right to charge the fee reducing the amount of the original order.
14. For the execution of the SEPA Credit Transfer and for sending the SEPA Credit Transfer Recall, the Bank charges the fee in line with the Tariff. The fee is debited separately and does not reduce the order amount.
